## THE ICON OF... TRADITION, QUALITY & RESPECT

Products that bare this logo must perform to the highest standard, to function well beyond our customer's expectations.

To achieve this, Rip Curl owns world leading wetsuit Research and Development, Manufacturing and Service Center Facilities.

It's the lengths we go to that make the difference.

# RIP CURL. THE WORLD LEADERS IN WETSUIT R&D, MANUFACTURING AND SERVICE.

Rip Curl prides itself on the quality of product that we deliver to the market. Products must perform for the user in the manner that it was designed and nothing pleases Rip Curl more than introducing new technologies or intellectual property that improves function and performance beyond current standards.

## 1. OWN RESEARCH & DEVELOPMENT

Rip Curl owns its research and development centers undertaking the most extensive and advanced R&D program in surf wetsuits to innovate and test our products.

Rip Curl has introduced more developments in surf wetsuits than all other surf brands or manufacturers combined.

Rip Curl will only release wetsuits to market once they have completed and passed our stringent product-testing program and comply with our high performance standards.

## 2. OWN MANUFACTURING FACILITIES

Rip Curl owns state of the art manufacturing facilities and has developed extensive techniques and procedures to ensure that Rip Curl makes the ultimate surf wetsuits.

## 3. OWN SERVICE CENTERS

Rip Curl owns its service centers worldwide in order to deliver the best service to our customers. Allowing us to run the longest warranty on the market :

- 3 years on stitching
- 1 year on all other materials
- 3 month on accessories

# FEATURES AND BENEFITS GUIDE

Rip Curl wetsuits are constructed using an extensive range of technologies and materials offering the best in quality, performance, and warmth.

NEOPRENE	<p><b>E6</b></p> <p>All new super high stretch performance neoprene that surpasses industry standards. 25% more stretch and 15% lighter than E5</p>	<p><b>E5</b></p> <p>Our premium high stretch, lightweight neoprene with 30% more stretch, 20% lighter and 10% warmer than E4.</p>	<p><b>E4</b></p> <p>Our Secondary high stretch, lightweight neoprene with 30% more stretch, 20% lighter and 10% warmer than E3.</p>	<p><b>E3</b></p> <p>Our standard lightweight stretch neoprene with high durability properties.</p>	MESH	<p><b>LIQUID MESH</b></p> <p>Superior stretch smooth mesh panels that absorb solar heat and reduce wind chill.</p>	<p><b>MESH SKIN</b></p> <p>Smooth mesh panels that absorb solar heat and reduce wind chill.</p>	<p><b>THERMO SHIELD</b></p> <p>Removes wind chill from the forearms and provides increased durability to smoothy neoprene.</p>	
	<p><b>FLEX ENERGY</b></p> <p>A revolutionary neoprene that generates heat when stretched. As you move through the water, the Flex Energy lining will activate and heat your wetsuit. Stay active, stay warm.</p>	<p><b>E6 THERMO LINING</b></p> <p>Super high stretch performance lining that surpasses industry standards. 25% more stretch than E5 Flash Lining.</p>	<p><b>E5 FLASH/LINING</b></p> <p>World's fastest drying. Ultimate warmth, comfort and stretch.</p>	<p><b>E4 THERMO LINING</b></p> <p>E4 Thermo lining. Provides high stretch and warmth.</p>		STITCHING	<p><b>GLUED &amp; BLIND STITCHED</b></p> <p>Triple glued, double stitched seam does not fully penetrate neoprene allowing for a waterproof seam with high stretch and comfort.</p>	<p><b>E-STITCH</b></p> <p>Lightweight, super stretch</p>	<p><b>FLATLOCK</b></p> <p>Six-needle stitch for a breathable, durable seam.</p>
	<p><b>E6 TAPE</b></p> <p>Benchmark stretch for unrestricted performance.</p>	<p><b>E5 FLASH LINING TAPE</b></p> <p>High stretch tape with Flash Lining for ultimate comfort, stretch and performance.</p>	<p><b>E5 TAPE</b></p> <p>High stretch and performance.</p>	ENTRY SYSTEM			<p><b>ZIP FREE ENTRY SYSTEM</b></p> <p>Zip Free technology offers light, unrestricted performance and efficient design for maximum stretch, warmth, and comfort.</p>	<p><b>CHEST ZIP ENTRY SYSTEM</b></p> <p>Easy top-entry system with lightweight zipper for chest-zip closure. Zip up for low profile, no blow outs</p>	<p><b>BACK ZIP ENTRY SYSTEM</b></p> <p>Easy entry system - adjustable collar - water resistant steel head zipper with engineered offset teeth and urethane coating.</p>

**E5 STRESS POINT TAPED**  
Increased durability through taping of critical neoprene panel junctions

**MESH SKIN PANELS**  
Smooth mesh panels that absorb solar heat and reduce wind chill.

**E5 NEOPRENE**  
Our premium high stretch, lightweight neoprene with 30% more stretch, 20% lighter, 10% warmer than E4.

**E3 NEOPRENE**  
Our standard high stretch, lightweight neoprene with high durability properties.

**ICON DESCRIPTIONS**

**ULTIMATE SUN PROTECTION**  
 LAB TESTED AND APPROVED

Not all UV protection garments are the same. We ensure that all our materials are laboratory tested and certified as having a 50+ UPF rating which is the highest U.V. protection rating available. Without this constant testing and certification materials can vary in their sun protection qualities because of fabric weight, weave and colour.

**QUALITY MATERIALS**

The highest quality materials are utilized in the construction of Rip Curl's UV Tee range. Because fabric weight, weave and colour can vary in their performance properties and sun protection qualities, constant testing means we can certify the quality of all the materials we use.

**CHLORINE FRIENDLY**

The pool is a great place to use Rip Curl UV Tees. Chlorine is a strong chemical that jeopardises the integrity of the elastane in the garment. Rip Curl now offers selected garments in Chlorine Friendly material, which will keep their structure, shape and performance even when worn in Chlorine swimming pools.

**UV TEES - MINI GIRLS (0-6)**

BLUE 0070

LEAH THOMPSON

**E5 TAPE**  
Added to high stress points for increased strength and durability.

**MESH SKIN PANELS**  
Smooth mesh panels that absorb solar heat and reduce wind chill.

**E5 NEOPRENE**  
Our premium high stretch, lightweight neoprene with 30% more stretch, 20% lighter, 10% warmer than E4.

**SEALED GBS**  
Triple glued, double stitched seam does not fully penetrate neoprene allowing for a high stretch, high strength, water sealed seam.

**E3 NEOPRENE**  
Our standard high stretch, lightweight neoprene with high durability properties.

UV TEES  
FIT GUIDE

KATE CHAMBERS

FIT GUIDE DESCRIPTIONS

PERFORMANCE FIT

**PERFORMANCE FIT**  
Body fitted to increase efficiency in the water by reducing drag.

RELAXED FIT

**RELAXED FIT**  
A slightly looser fit for more comfort and relaxed wearing.

T-SHIRT FIT

**T-SHIRT FIT**  
A traditional T-Shirt block for maximum comfort and casual look.

ICON DESCRIPTIONS

ULTIMATE SUN PROTECTION  
LAB TESTED AND APPROVED

Not all UV protection garments are the same. We ensure that all our materials are laboratory tested and certified as having a 50+ UPF rating which is the highest UV protection rating available. Without this constant testing and certification materials can vary in their sun protection qualities because of fabric weight, weave and colour.

QUALITY MATERIALS

The highest quality materials are utilized in the construction of Rip Curl's UV Tee range. Because fabric weight, weave and colour can vary in their performance properties and sun protection qualities, constant testing means we can certify the quality of all the materials we use.

CHLORINE FRIENDLY

The pool is a great place to use Rip Curl UV Tees. Chlorine is a strong chemical that jeopardises the integrity of the elastane in the garment. Rip Curl now offers selected garments in Chlorine Friendly material, which will keep their structure, shape and performance even when worn in Chlorine swimming pools.

## WATCHES & WETSUITS WARRANTY

Rip Curl wetsuits have the best warranty and repair service in the industry. There is an international warranty.

### WETSUITS WARRANTY :

- 3 years warranty on all stitching
- 12 month warranty on all materials and constructions
- 12 month warranty on Aquaban Liquid Tape

### WATCHES WARRANTY :

- 5 years on Movements
- 2 years on Waterproof
- 1 year on batteries

### THIS WARRANTY DOES NOT COVER THE FOLLOWING :

- Damage caused by anything other than defects in materials or workmanship.
- Use in commercial, rental, teaching or instructional programs or activities.
- Damage caused by extended or excessive exposure to sunlight, improper handling or storage, or failure to follow instruction provided with this product.
- This product when classified as being 2nd hand or it is being sold as a 2nd (it is being sold as a product with existing defects).
- Normal wear and tear, including scratches and fading.
- Wetsuits repaired by other repair service.

## USING THE WARRANTY

### MUST BE SUPPLIED TO VALIDATE WARRANTY :

- The proof of purchase
- A cleaned, disinfected and dry wetsuit, inside and outside (a charge will be applied to clean it up if needed).

### THERE ARE 2 WAYS TO USE THE WARRANTY :

- Return to store : Go back to your local Rip Curl dealer, they'll send your suit to a Rip Curl service centre. You must have proof of purchase (receipt or invoice).
- Rip Curl Wetsuits Repair Service : Send it back to Rip Curl by certified mail, along with proof of purchase (receipt or invoice). Your wetsuit will be returned to you as soon as possible free of charge (if covered under warranty).

### REPAIR WORKSHOP : OUT OF WARRANTY

Our Service Center will also repair Rip Curl wetsuits that are out of warranty at a minimal cost. All repairs come with a 3 month workmanship warranty.

Must be supplied for repair:

- A quote done by your wetsuit dealer, using the repair slips and price list.
- Every non quoted repairs won't be fixed
- Without any quote the repair will be done and charged without any warning.
- A cleaned, disinfected and dry wetsuit, inside and outside (a charge will be applied to clean it up if needed).

# GENERAL TERMS & CONDITIONS OF SALE

*Applicable as of June 2014*

1-General provision

These General Terms & Conditions of Sale («the Terms & Conditions») apply to each and every order for merchandise placed by a customer («the Buyer») and accepted by RIP CURL Europe SAS («the Seller»). No other conditions or clauses submitted by the Buyer shall apply to the order, unless with the express written agreement of the Seller. Every order issued implies that the Buyer unreservedly accepts these Terms & Conditions.

2-Orders

The Seller differentiates between two types of order: pre-season orders and restocking orders (hereafter jointly referred to by the term «Order»). All orders must be drawn up on our order form and signed by the Buyer. Orders will only be accepted once an order confirmation has been issued summing up notably product quantities and designation, delivery and invoice address, price and payment conditions, as well as the scheduled delivery periods. No orders may be canceled by the Buyer once they have been accepted by the Seller, unless with the express written agreement of the Seller. This agreement is then subject to the Buyer compensating the Seller in full for any losses (including any financial losses, mainly the total amount of the Order), damages, fees and any other expenses incurred due to the cancellation by the Buyer.

3-Delivery

By delivery, we mean the handing over of the merchandise - to the Buyer - at the address indicated on the order form and the order confirmation form. Delivery dates are only given as an indication knowing that these dates are reasonable delivery times taking our delivery commitments into consideration. We reserve the right to deliver the remaining goods of the order within 4 weeks from the week initially indicated on the order form. We reserve the right to choose the carrier unless we receive a specific request from our customer and which is confirmed on the order confirmation.

4-Dispute

Should damage occur during the transportation, and we have not delivered the goods, it is the receiving party's responsibility to bring action against the carrier in accordance with articles L133-1 et seq. of the French Code of commerce. Should there be a dispute on the arrival of the goods, it is absolutely necessary for the merchandise to be inspected in the presence of the driver and «open box» (damaged, re-taped) must be indicated on the delivery slip. The customer must advise the carrier by registered letter with acknowledgment of receipt within 3 days after the delivery date (holidays not included) specifying the missing goods. The Buyer must also notify us by registered letter with acknowledgment of receipt us within 24 hours after receiving the goods if any goods are missing according to the delivery form independent of any damage. We will then proceed with a verification. Should we deliver the goods ourselves, complaints must be filed at the time of delivery.

5-Warranty

Complaints concerning the quality of the goods, except for any transportation disputes, must be filed immediately upon delivery or when withdrawing the goods on our premises if there is a visible defect and within 8 days of the said delivery or withdrawal if there is a defect which is not immediately visible. In such cases, the Buyer must then return the goods for verification once it has received approval by our department for a return form. Without this return form, we will refuse to accept the goods even if delivered on site, they will be immediately returned to the sender at their expense. Receipt of these goods by our Company does not imply acknowledgment of the defects indicated by the Buyer, these goods will undergo a verification and we will then determine if the defects actually exist. If we acknowledge these defects, our warranty will be limited to the replacement of the goods and we will not be liable for any other loss or damage sustained by the Buyer. Under no circumstances will we be liable beyond the responsibility of our own suppliers.

6-Price and billing

Any change, either in rate or in the nature of the fiscal taxes applicable to our sales will be enforced, from their legal date of application having repercussions on the prices that we give to our Buyers and also for current orders. The unit price before tax invoiced for each of our goods will be the one on our price lists, keeping in mind that we reserve the right to change our prices at any moment without prior notice.

7-Payment

Payments are to be made to SAS RIP CURL Europe, 407 Avenue de la Tuilerie, 40150 HOSSEGOR, France. Invoices are to be paid within 60 days of the date indicated on the invoice. Cash payments, which must occur within 10 days of the date indicated on the invoice, give rise to a 2.5% discount. Repairs as well as custom-made wetsuits will be sent by cash on delivery (unless under warranty). All pre-season orders over €2500 exc. tax will be sent postage paid. All pre-season orders below €2500 exc. tax will be sent carriage forward and cash on delivery. All restocking orders over €300 exc. tax will be sent postage paid. All restocking orders below €300 exc. tax will be sent carriage forward and cash on delivery. In the case of any late payment, the postage paid will become carriage forward and the discount refused. To refuse a bill of exchange or the non-payment of a bill at its payment date will immediately allow us to claim complete payment without prior notice. Such refusal or failure to pay, automatically cancels all current deals and orders and will free us from our obligations. Late payment fees shall be applied at 3 times the legal interest rate in the event of late

payment of all amounts due at the repayment date, as well as a lump sum of €40 as per the conditions of articles L441-6 and D441-5 of the French Code of Commerce (law No. 2012-387 dated 22/03/2012). In addition, any incident or late payment may also lead to the payment of a lump sum of €100 exc. tax as a penalty clause in accordance with articles 1152 and 1226 of the French Civil Code. If, for a previous Order, the Buyer breached one of their obligations (non-payment or late payment, for example), we may refuse to book a new order, unless this Buyer submits sufficient guarantees or a cash payment. Discounts for cash payment or advanced payment will not be allowed. For a deal before or during the delivery, we reserve the right to claim from the Buyer payment guarantees for the price of the supplies sent or to be sent and to terminate the transaction should the Buyer refuse to produce such evidence. All the payment terms are confirmed in writing by our headquarters and are indicated on our order confirmations. We reserve the right to deliver certain Buyers cash on delivery or once we have received the payment by check confirmed by our bank. We reserve the right to change at any moment the payment terms applied to a Buyer in order to take into account financial information that may be obtained by our departments concerning a Buyer. In the event a Buyer should refuse the change of their payment terms, we will be entitled to cancel any Order yet to be delivered.

8-Retention of title

All goods delivered by our Company will remain our property until full payment of the amount due (French law date 25/01/85). If the Buyer fails to pay, the Buyer shall refrain from selling their stocks up to the quantity of the products for which payment has not been received. However, the responsibility of risks for damage, loss, or theft of the merchandise will be transferred to the Buyer once delivered. The Buyer must therefore be insured to cover these risks. In the event the Buyer is subject to insolvency proceedings, the Seller reserves the right to claim the sold merchandise according to the legal provisions and regulations in force.

9-Return of goods /exchanges

Goods may only be returned with our approval, a return authorization will then be issued, no exceptions will be made and without this approval, your package will be refused. Goods are to be returned in their original condition, that means new (ironed, folded, bagged, if necessary). Otherwise, we will decrease the overall value of the goods. Returns by carriage forward will be refused.

10-Re-exportation / Retrocession

It is strictly forbidden to re-export our products. Retrocession of our products is forbidden, the merchandise is exclusively intended to be sold on the delivery location indicated on the order confirmation. The Seller must be informed in advance of any sale of our products on an Internet site, in order for us to ensure that the said Internet site does not present the merchandise in conditions which conflict with our brand values, or in conditions that would undermine the image of our products, in relation to their quality or technical nature. The Buyer recognizes that this clause is intended to safeguard the distinct value and reputation of the Seller's brands associated with the merchandise. If the Seller has not been informed in advance, or if the criteria stipulated above have not been satisfied, the Buyer must comply within 2 months of receiving a letter of notification setting out all the Seller's requirements relating to the sale of the merchandise on the Internet site. After the 2-month period, and if the Internet site still does not comply with the stipulated criteria, the Seller shall be entitled to terminate all business relations existing between the two parties.

11-Brand and advertising

The Buyer shall not behave, and shall not authorized any third parties to behave in such a manner as to damage or contradict the brands used by the Seller relating to the merchandise. In particular, the Buyer shall refrain from modifying, withdrawing or adding any element whatsoever to any brand featured on the merchandise received from the Seller, and shall not authorize any third parties to do so. Any advertising, promotional or commercial material supplied by the Seller, remains the Seller's property. The Buyer shall use the advertising, promotional or commercial material in accordance with the Seller's recommendations and shall not authorize any third parties to make use of it. Any other form of advertising used by the Buyer relating to the merchandise shall be subject to the prior written agreement of the Seller. The Buyer accepts to cease or modify, at its expense, any advertising in compliance with the Seller's instructions. Notwithstanding the Seller's consent, the Buyer undertakes to comply with current legislation for any advertising it makes relating to the merchandise.

12-Discounts

Any discounts granted will only be applied if the Buyer has strictly complied with our General Terms & Conditions of Sale during the entire period previous to the agreement of the discount. We reserve the right to amend, reduce or cancel any discount granted to a Buyer for a given season in the case of cancellation of orders (total or in part) concerning that season.

13-Governing Law - Attribution of Jurisdiction

The relations with our customers are exclusively governed by French Law. Any dispute, with our suppliers and our customers alike, jurisdiction is exclusively attributed to the Commercial Court of Dax (France), even for any third party proceedings or in the case of multiple respondents and this notwithstanding any clauses to the contrary.

THESE TERMS & CONDITIONS ARE APPLICABLE TO ALL PRODUCTS DISTRIBUTED BY RIP CURL EUROPE S.A.S.
